Description:

The 48 Contracting Squadron is looking to establish multiple Blanket Purchase Agreements (BPA) for the 48 Medical Group's Orthopedic and Podiatry Clinic located at Royal Air Force (RAF) Lakenheath, United Kingdom. The Orthopedic and Podiatry Clinic performs both inpatient and outpatient procedures. Operative management of acute and chronic musculoskeletal problems are performed as required. Common procedures performed, include, but are not limited to: open and closed reduction, with or without internal fixation; application of traction and splinting devices; arthroscopic surgery of the shoulder, elbow, wrist, knee and ankle; total joint replacement; bunionectomies; and fore, mid and hind foot reconstruction. Requesting price lists for total joint and reconstruction trays which are to be made available within a 24-48 hour response time. Price list should include a variety of orthopedic implantation kits, trauma response repair kits, and upon request, a knowledgeable vendor representative's presence during surgery. The vendor shall provide United States Food and Drug Administration (FDA) approved devices. European Union (EU) equivalent may be accepted upon appropriate surgeon and United States Air Force Surgeon General (USAF/SG) Orthopedic Surgery Consultant approval. The annual estimated expenditures, per vendor, is anticipated to be between £20,000.00 and £30,000.00.
